HAPPENING THIS SEASON

Western Territory
In case you missed it, we recently made massive upgrades to our snowmaking capabilities on Cupp Run and Shay's Revenge. We were very impressed with the output of our new low-energy snow guns last season, and with just a little cooperation from Mother Nature, this could be the year the Western Territory opens earlier than ever before!

Beats on the Basin is Back!
The Connection is once again the place to be on Friday nights. We'll be bringing fantastic bands from a wide variety of genres to the Mountain every Friday night from Dec. 23 to Feb. 24. On tap for this season: The Pretasters, Dangermuffin, The Movement, Nappy Roots and lots more!
