

**SNOWSHOE MOUNTAIN
OUTDOOR ADVENTURES**

**BACKCOUNTRY TRAILS
GENERAL INFORMATION**

ALL TRAIL USERS

You are entering a Backcountry Area!

Trails are designated for mixed use by hikers, cross-country mountain bikers, and other users and activities. Please be courteous to other trail users, yield when appropriate, and pass with care. You may encounter company vehicles, trail work crews, activities-in-progress, and other authorized users. Always stay alert and use caution!

These trails lead into remote areas with no services. Cellular phones may not have coverage. Use this trail map and suggestions from the Mountain Adventure Center, Depot, or Outpost to plan an appropriate outing.

This area is not regularly patrolled. Let a responsible party know where you will be and when you plan to return.

Confirm lift and shuttle hours of operation before departing if you intend to utilize these services as part of your outing.

Weather conditions often change rapidly in the mountains. Finding sufficient shelter may not be possible. Be prepared.

Bring enough water for your entire party. Potable water for drinking is not available in backcountry areas.

Never approach wildlife. Black bears are not used to people. Do not feed them or get closer than 100 yards. Confrontations are best handled by staying calm and backing away slowly. Don't make wildlife feel threatened.

Take care of paradise... Leave only footprints, take nothing but pictures, and kill nothing but time.

UNAUTHORIZED MOTOR VEHICLE USE PROHIBITED!
